

NEW YEAR, NEW TECH CAREER?

ARE YOU LOOKING FOR A CAREER CHANGE?

HAS YOUR JOB BEEN AFFECTED BY COVID-19?

ARE YOU LOOKING TO RETRAIN?

ARE YOU INTERESTED IN A CAREER IN THE FAST-PACED WORLD OF TECHNOLOGY?

If you answered YES to any of the questions above, we have an amazing opportunity for you!

WHAT IS IT?

A fully funded 12 week instructor led virtual Programme starting January 2021, to help kick start the next step in your career.

QA and UKFast will support you in preparing for a career in the tech industry by providing soft skills training and growing your confidence in project work, teamwork and presentation skills.

WHAT IS DEVOPS?

DevOps is a philosophy and set of practices which combine software development with operations. Its aim is to shorten a system's development life cycle while also delivering features, fixes and updates, ensuring quality and information security.

Within an organisation, DevOps is typically involved in everything from network design to process engineering, and software development to project delivery.

WHAT'S THE ROLE I'M TRAINING FOR?

The AWS Cloud Engineer Programme can provide you with amazing career prospects and opportunities to develop and learn.

AWS is an area of massive need in the tech industry and companies across Greater Manchester are regularly looking for individuals with DevOps skills.

YOU COULD WORK IN THE FOLLOWING ROLES WITH THE SKILLS YOU LEARN:

- DevOps Engineer
- Platform Engineer
- Build Engineer
- Release Engineer/Manager
- Software Developer/Tester
- Automation Engineer
- Reliability Engineer
- Release Manager
- Data Analyst
- Product Manager
- AWS Cloud Engineer
